

April 27 to May 1, 2020

Hello Edison Elementary

Hello James Madison, Martin Luther King, Woodbrook, Menlo Park, John Marshall, Ben Franklin, Lincoln, Lindeneau, James Monroe and Washington Elementary School Students!

Everyday we use our eyes for everything we do. Taking care of them is very important for our whole lives.

When we are young, we need to have them checked regularly so they are working at their best to help us learn in school. We also need to see our environment around us to learn about it and to keep us safe.

Protect and care for your eyes!
